MJC 2026

MANGALORE JOINT CONCLAVE

From Planning to Perfection
Reimagining Knee Arthroplasty

02 – 04 OCTOBER 2026

PENINSULA DEL MAR
MANGALURU

— A WORD FROM OUR LEADERS

Welcome to the first edition.

Three days that will define how knee arthroplasty is practised in coastal Karnataka for years to come. Here are messages from the patrons and leadership of MJC 2026.

CHIEF ADVISOR

Dr. M. Ajith Kumar

Mangalore Joint Conclave 2026

"It gives me immense pleasure to welcome you all to the first Mangalore Joint Conclave. The field of knee arthroplasty has evolved rapidly — robotic precision, smarter implants, personalised techniques. MJC 2026 is our commitment to ensure the surgeons of coastal Karnataka and beyond stand at the frontier of this evolution. I look forward to three days of learning, debate, and friendship."

ORGANISING CHAIRMAN

Dr. Deepak Rai

Mangalore Joint Conclave 2026

"This conclave is a labour of love. Together with our scientific committee, we have built a programme around what surgeons actually need — live operative cases, hands-on cadaveric workshops, debates between thought leaders, and the prestigious Dr. M Sudhakar Shetty Best Paper Award. From planning to perfection — that is our theme, and we mean it. Welcome to Peninsula Del Mar. Welcome to Mangaluru."

PRESIDENT

Dr. B. Sachidanand Rai

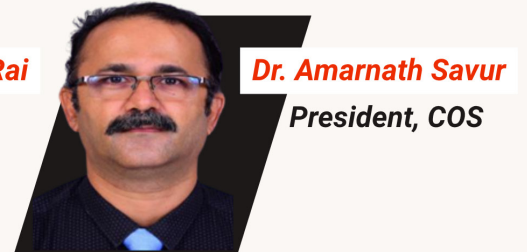

Karnataka Orthopaedic Association

"Mangaluru has always been a city of firsts in healthcare. The Karnataka Orthopaedic Association is proud to partner with the Canara Orthopaedic Society to host this conclave focused entirely on knee arthroplasty. Our scientific committee has curated a programme that balances cutting-edge science with hands-on practical learning. To our delegates — bring your questions, your cases, and your curiosity."
